TARO JOHO<sup>1</sup>    HANAKO SHORI<sup>† 1</sup>

**Abstract:** This document is a guide to produce the final camera-ready manuscript of a paper to be submitted to DICOMO2022, using MS-Word. Since the document itself is produced with the MS-Word template file (.dot), it will help you to refer its source file which is distributed with the MS-Word template file. This document is based on the MS-Word template file for IPSJ Journal and Transactions (available on <https://www.ipsj.or.jp/english/jip/submit/style.html>), so please use this document as the template file if you need the files. **In addition, please use not the format indicated to the above mentioned manuscript writing guidance but this format.**

## 1. Paper Formatting

There is no restriction on the number of pages. Submitted papers with full-paper style may be promoted for IPSJ journal. You can see IPSJ Journal style guide in the following URL[1]. [https://www.ipsj.or.jp/english/jip/submit/ronbun\\_e\\_prms.html](https://www.ipsj.or.jp/english/jip/submit/ronbun_e_prms.html) Based on the above guideline, this format is customized for DICOMO2022 to suppress output of IPSJ-style header/footer and keep integrity with LaTeX based format.

To reduce our effort to make proceedings, **please read style guide carefully**. Please don't ask IPSJ for help on this style file. DICOMO2022 committee also cannot help on your environment in most cases.
